H1 FY22 Results Presentation

23 February 2022 Ai-Media Technologies Limited

a i media

Important Notice and Disclaimer

This presentation (**Presentation**) contains summary information about Ai-Media Technologies Limited and its subsidiaries (the **Company** or **Ai-Media**) which is current By attending an investor presentation or briefing, or accepting, accessing or reviewing as at 23 February 2022. this Presentation, you acknowledge and agree to the terms set out below.

Summary information: This Presentation has been prepared for information purposes only and is a summary only. It should be read in conjunction with Ai-Media's most recent financial report and other periodic and continuous disclosure information lodged with the Australian Securities Exchange (**ASX**), which is available at www.asx.com.au. Reliance should not be placed on information or opinions contained in this Presentation and, subject only to any legal obligation to do so, the Company does not have any obligation to correct or update the content of this Presentation.

Not financial product advice: This Presentation does not, and does not purport to, contain all information necessary to make an investment decision, is not intended as investment or financial advice (nor tax, accounting or legal advice) and must not be relied upon as such. This Presentation does not take into account the investment objectives, financial situation or needs of any particular investor. Investors are encouraged to seek independent professional advice when deciding if an investment in the Company is appropriate. The Company is not licensed to provide financial product advice in respect of its own securities. This Presentation is not a prospectus, product disclosure statement or other offering document under Australian law (or any other law). It is not, and does not constitute, an invitation or offer of securities for subscription, purchase or sale in any jurisdiction.

Investment risk and past performance: An investment in Ai-Media shares is subject to known and unknown risks, some of which are beyond the control of the Company and its directors. The Company does not guarantee any particular rate of return or the performance of Ai-Media. Past performance is not, and should not be relied on as being, indicative of future performance.

Future performance and forward-looking statements: This Presentation includes forward looking statements, which can generally be identified by the use of words such as "may", "will", "expect", "intend", "plan", "estimate", "anticipate", "outlook", "forecast" and "guidance", or other similar words. They may include, without limitation, statements regarding plans, strategies and objectives and anticipated business developments. Forward-looking statements inherently involve known and unknown risks, uncertainties and other factors that may cause Ai-Media's actual results, performance and achievements to differ materially from statements in this Presentation. Forward-looking statements are based on the Company's

good faith assumptions as to the financial, market, regulatory and other relevant environments that will exist and affect Ai-Media's business and operations in the future. The Company does not give any assurance that the assumptions will prove to be correct. There may be other factors that could cause actual results or events not to be as anticipated, and may events are beyond the reasonable control of the Company. Readers are cautioned not to place undue reliance on forward-looking statements, particularly in the current economic climate and given the significant volatility, uncertainty and disruption caused by the COVID-19 pandemic. Forward-looking statements in this Presentation are only made as at the date of this Presentation and the Company does not undertake any obligation to publicly update or revise any of the forward-looking statements or to advise of any change in assumptions on which any such statement is based.

Industry data and third party information: Industry data and third party information used in this Presentation may have been obtained from research, surveys, reports or studies conducted by third parties, including industry or general publications. Neither Ai-Media nor its representatives have independently verified any such market or industry data.

Financial information: This Presentation contains historical financial information based on the Company's results for the 6 month period ending 31 December 2021 and prior comparative periods. All financial information disclosed in this Presentation is presented in Australian dollars unless otherwise noted. Any discrepancies between totals and sums of components in tables and figures contained in this Presentation are due to rounding.

Disclaimer: To the maximum extent permitted by law, Ai-Media and its officers, directors, employees, agents and advisers: (1) disclaim all responsibility and liability (including, without limitation, any liability arising from fault, negligence or negligent misstatement) for any loss arising from this Presentation or reliance on anything contained in or omitted from it or otherwise arising in connection with this Presentation; (2) disclaim any obligation or undertaking to release any update or revision to the information in this Presentation to reflect any change in expectations or assumptions; and (3) do not make any representation or warranty, express or implied, as to the accuracy, reliability, completeness of the information in this Presentation or that this Presentation contains all material information about Ai-Media or that a prospectus investor or purchaser may require in evaluating a possible investment in Ai-Media or acquisition of shares, or the likelihood of fulfilment of any forward-looking statement.

Presenters

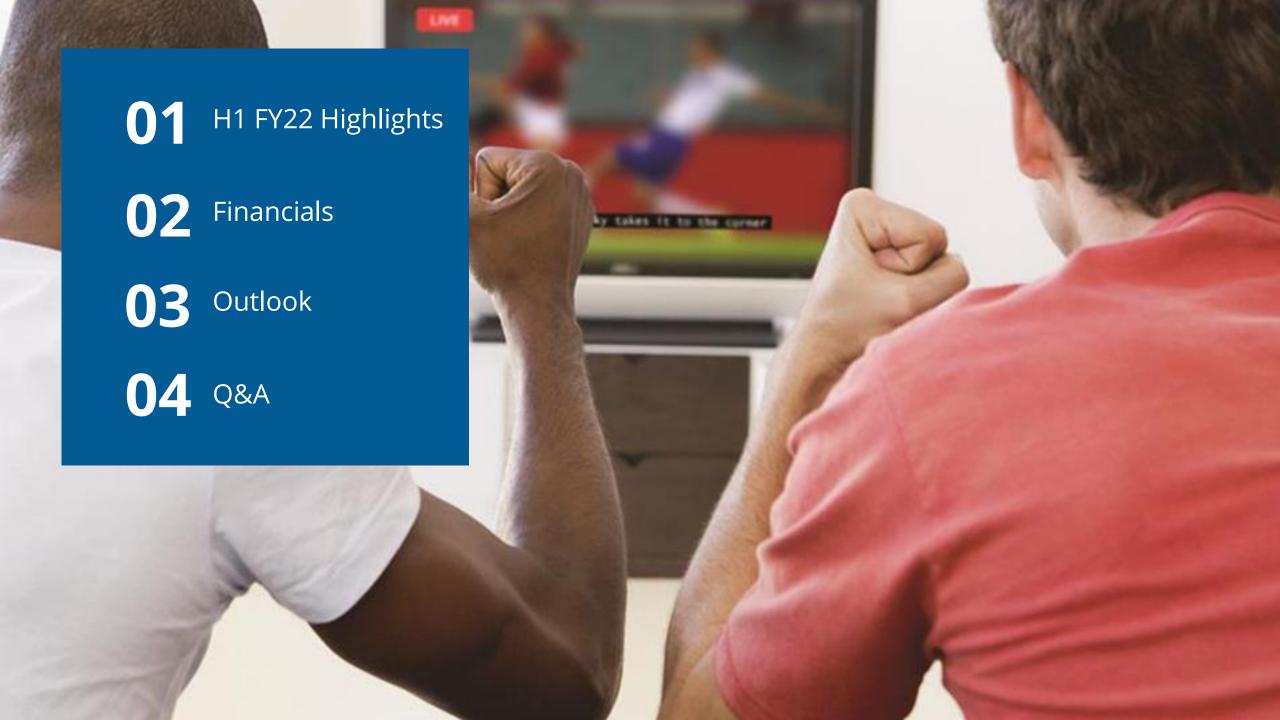

Making the world's content

accessible for everyone

Ai-Media is a global technology company delivering live and recorded captioning, transcription and translation

H1 FY22 Highlights

+29%

Revenue Growth on PCP (H1 FY21)

\$29.6m Revenue in H1 FY22 up from \$22.9m

+78%

Gross Profit \$15.7m up from \$8.8m

Gross Margin up from 38% to 53%

+98%

Growth in Lexi / Smart Lexi SaaS minutes on PCP

47 million minutes delivered in H1 FY22 across all products

+\$7.0m

Improvement in EBITDA on PCP

EBITDA breakeven in H1 FY22 from EBITDA loss of (\$7.0m) in PCP

\$15.9m

Cash balance at 31 December 2021

Strong cash position to execute on growth strategy

Buy-back

Program of up to 2 million shares launched on 15 November 2021

36% of the program has been completed at 31 December 2021

The Impact of Automatic Captioning (ASR) on Ai-Media

The rapid adoption of free ASR tools has resulted in lower revenues from Live Enterprise Services; however, it has contributed to higher gross margin, improved EBITDA performance, and a larger Total Addressable Market

Widespread adoption of ASR

- Huge increase in use of live ASR globally during FY22
- Validates Ai-Media's technology focus to deliver best on-demand professional ASR (Lexi/Smart Lexi) in multiple languages across growing iCap network
- Total addressable market increasing as live captioning fast becoming hygiene factor

Shift to free on-demand tools

- Churn by some of long term education and workplace customers supporting individuals with hearing loss
- Launch of free ondemand ASR embedded with Zoom and MS Teams delivered most significant mass adoption of live captions

Low-tier product revenue down in FY22

- For many customers, the convenience of the ondemand free ASR tools outweighed its lower quality
- Revenue from Ai-Media's
 US Live Enterprise Services
 business, with a large
 component being the ACS
 legacy business, is down
 ~25% YoY

Increase in share of top-tier SaaS revenue

- Lexi and Smart Lexi breakthrough propositions for Enterprise, Broadcast and partner channel customer base
- In H1 FY22 pro forma revenue was largely flat on the pcp, with an increase in the proportion of higher quality and higher gross margin SaaS revenue

Ai-Media continues to invest in delivering the best ASR via its SaaS products Lexi and Smart Lexi, available through a full suite of connected gateway devices on the growing proprietary iCap network and ecosystem, and offering the highest quality premium services in the industry, including through preferred partners.

Ai-Media's ASR is Proven Top-Quality and Industry-Leading

Lexi can use multiple underlying ASR engines and flexible custom dictionaries

Best-in-class Al-modelling incorporating Natural Language Processing, Deep Learning, Neural Networks and Contextual Learning

Ai-Media's ASR utilises the gateway iCap delivery platform to deliver the best, most flexible and tailored automatic captioning in multiple languages

The gateway iCap platform is the 'defensible moat' for Ai-Media's ASR solutions, providing single button ondemand convenience and security

Consistent NER ratings for Lexi above 98% and improving

Growing sales pipeline in broadcast and enterprise sector

Full Product Suite

Customers can opt for just one or two of AlM's product offerings – or utilize the iCap gateway network to access all three for a truly seamless one-stop shop solution

ENCODE + CAPTIONS **DISPLAY Physical devices** HD492, HD1492 AV650 Inserters EN537 • 1452 SCTE-104 CB515 • AV610 **Decoders** Virtualized **PREMIUM** DE241DR • Alta • DE291 • DE1285 smart Lexi **Cloud-based** UI Alta Ai-Live Falcon

Global Sales Wins

Looking to accelerate revenue growth and compete effectively in the global market, Ai-Media's sales teams have had significant wins with great customers in FY22

Deepened strategic customer accounts

- 3 Global technology companies
- Parliaments
- 1 International sporting organisation

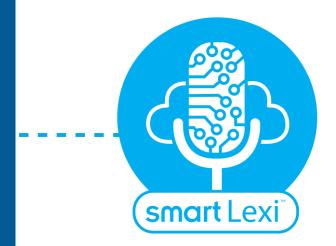

Exciting Early Customer Transitions to Ai-Media ASR

A MARKET IN TRANSITION

- On-demand convenience outweighs accuracy concerns for many use cases (e.g. university students and meetings on Zoom and MS Teams)
- Short term headwinds from our legacy ACS business (FY22 Live Enterprise Services revenue expected to be \$14-\$16m lower than FY21)
- Long term tailwinds in the broadcast and enterprise market segments emerging clearly

Case Study One

ONE OF THE 'BIG FOUR' US SPORTS ORGANISATIONS

- This international sport has been using iCap-enabled devices for 8 years with an expanding in-house production suite, including full state-of-the-art IP video production which provides accessibility for all viewers
- Subsidiary competition is streaming on the league's website and OTT platform with captioning for the first time
- Ai-Media's integrated technology allows for caption insertion on both IP video workflows (Transport Stream and SMPTE 2110) with automatic Lexi captions
- Lexi and Alta provide seamless caption integration into their new system

Impact: This is a highly scalable and affordable solution. Ai-Media is well positioned to capitalise on a growing OTT sports streaming market with our scalable IP video tailored offering. As major sports leagues and rights owners continue to enhance their IP delivered, owned and operated ecosystems we are ready to seamlessly integrate with caption insertion in both IP workflows

Case Study Two

LARGE ENTERPRISE UNIVERSAL DESIGN

- Customer is a large global technology company with their own free consumer-grade ASR product and is a long-term Ai-Media customer
- Wants to secure on-demand accessibility in its corporate meeting rooms with **Lexi**, to improve comprehension, mainly for staff whom English is not their first language
- They have a unique selling proposition with fully installed devices that give secure and private iCap network connectivity. This is also connected into the customer's meeting network with customizable Lexi and display options through the AV610 decoder

Impact: In the enterprise sector, **security** is key and something large players want to have in-house control over. Ai-Media's physical hardware and software solutions provide that security.

Case Study Three

LONG TERM US-BASED UNIVERSITY

2020

Legacy University customer of ACS was paying @US\$99/ hour human delivered premium service

2021

Cost saving and the availability of free ASR saw the university switch to free auto captions on Zoom

· 2022

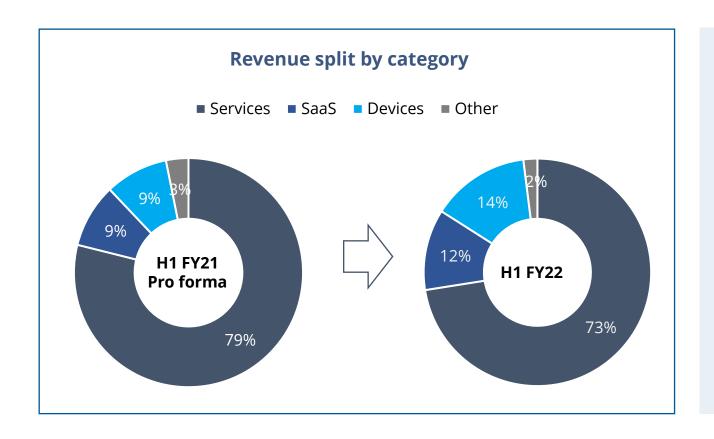

In order to increase the quality of the ASR while maintaining the convenience of on demand availability, the university are now paying AIM US\$400/month for **Falcon** subscription and US\$20/hour for **Lexi**

Impact: With over 5,000 universities in the US alone, these institutions will increasingly require a subscription-based model like Ai-Media's proven solution to deliver the quality of captioning, transcription and translation solutions students require.

Continued Growth of SaaS Revenue

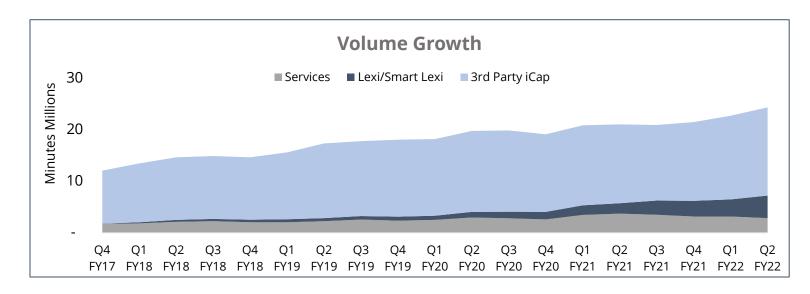

Growing share of SaaS revenue driven by global rollout of connected Devices and SaaS products

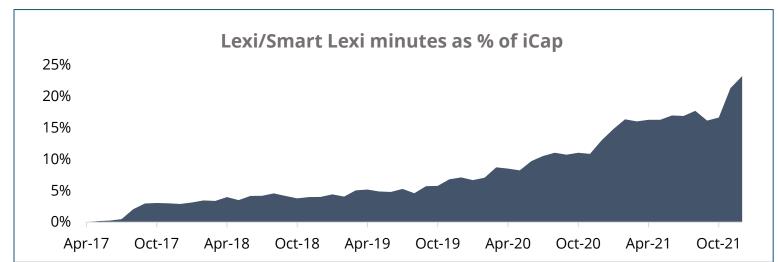

- SaaS and Devices revenue share increased by 44% from 18% to 26% compared to H1 FY21 on a pro forma basis inclusive of EEG
- Shift towards a higher portion of SaaS revenue leads to higher gross margin and greater recurring revenue
 - Services revenue
 H1 FY22 Margin >40%
 - SaaS revenue H1 FY22 Margin >75%
 - Devices revenueH1 FY22 Margin >70%

iCap Network (market) Growing and Lexi/Smart Lexi Accelerates

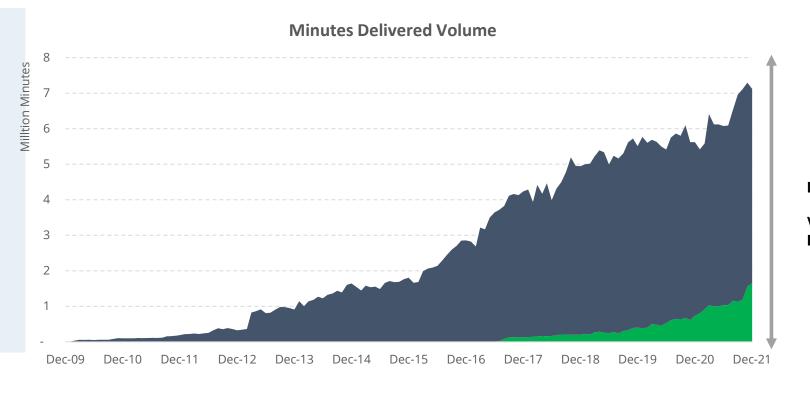

- The transition to SaaS revenue is accelerating and the network (market) is growing
- Lexi/Smart Lexi volume growth 5x the growth in iCap, offsetting reductions in legacy service business
- H1 FY22 vs H1 FY21 minutes growth:
 - **18%** for iCap
 - 98% for Lexi/Smart Lexi
- Significant headroom to increase further penetration of Lexi/Smart Lexi into existing customer base
- Currently Lexi is used on 20% of iCap volume (up from 16% in May 2021)

Significant Potential to Increase Lexi volume

COMMENTS

- Significant opportunity exists to increase penetration of Lexi/Smart Lexi into iCap customer base
- In Q2 FY22 Lexi is used on 20% of iCap minutes, up from 16% in May 2021

Lexi Minutes: ~20% of iCap Volume in Q2 FY22

Competitive Advantages

Ai-Media's live captioning and translation technology products are fully integrated in a leading and growing proprietary network and ecosystem (iCap)

- ✓ Proprietary technology ecosystem with video and captioning encoders operating seamlessly within proprietary iCap network
- ✓ Best in class artificial intelligence & machine learning applications powering Lexi/Smart Lexi
- ✓ Accuracy exceeds regulatory standards

- ✓ Data protection to support each customer's compliance with local and international privacy laws
- ✓ Product solutions to meet the strictest obligations of customer confidentiality (eg Lexi Local)
- ✓ Custom, flexible, integrated systems for optimizing and automating end-toend service delivery
- ✓ Encoders and decoders for any streaming platform (on prem, virtualized and cloud options)
- ✓ Customers can integrate via Single Sign On (SSO) functionality

- ✓ Live subtitles, transcription and translation into over 120 languages with market leading accuracy and minimal delay
- Creating local content that can be distributed globally

- ✓ A global suite of products with local presence in geographical locations across the APAC, EMEA and Americas
- ✓ Delivery of uninterrupted 24/7/365 production and support

Profit and Loss

	H1 FY22	H1 FY21	Var	Var
	\$m	\$m	\$m	%
Total Revenue	29.6	22.9	6.7	29%
Cost of sales	(13.9)	(14.1)	0.2	2%
Gross Profit	15.7	8.8	6.9	78%

GP Margin %	53%	38%	_	15%

REVENUE

- Revenue growth is driven by EEG revenue for the 6 months to December 2021 (acquired May 2021)
- Quality of revenue is improving with product mix moving from premium to SaaS

MARGIN

 Strong gross profit margin of 53% in H1 FY22 compared to 38% in comparable period

OPEX

- H1 FY21 operating expenses included \$3.0m IPO and listing expenses
- Underlying expenses have risen by 23% (less than the 29% growth in revenue) driven by the EEG acquisition and increases in sales and marketing

EBITDA

Breakeven EBITDA in H1 FY22 compared to (\$7m)
 EBITDA in H1 FY21

\$m	%
6.5	177%
0.6	4%
(0.5)	(8%)
6.7	29%

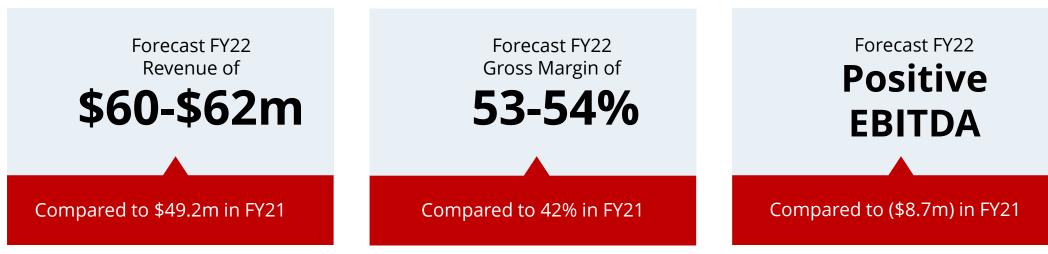

- Live Broadcast growth off a low COVID-impacted FY21, and driven by EEG acquisition and new SaaS customer wins
- Live Enterprise growth adversely impacted by legacy ACS revenue transitioning to free tools, and positively impacted by Enterprise SaaS sales
- Recorded continues to decline as a share of total revenue

Guidance for FY22

The Ai-Media Board provides the following guidance for FY22 which takes into account H1 FY22 performance, year-to-date trading in CY2022 and the outlook for the remaining ~4 months of FY22

- The erosion of Ai-Media's legacy Live Enterprise business due to free ASR tools, combined with strong growth in the higher margin business lines of connected Devices and SaaS delivered across the iCap gateway network, is expected to deliver modest revenue growth and more significant improvements in margin and EBITDA
- EBITDA is inclusive of growth investments in sales, marketing, product and technology
- Key assumptions include that contracted revenue continues to be realised, that product enhancements are successfully deployed, and that customer service levels continue to be met
- Key risks to achieving the guidance include delays in customer onboarding, unanticipated events and global macroeconomic uncertainty

Increasing Investment in iCap and Lexi / Smart Lexi

- ✓ iCap is Ai-Media's proprietary gateway network and the industry standard for delivering live captioning throughout North America
- ✓ Ai-Media's Devices are iCap-enabled and connected
- ✓ Lexi/Smart Lexi ASR delivered across the iCap gateway network with on-demand single button convenience
- ✓ Ai-Media is increasing investment in robustness and security of iCap gateway network and ecosystem for global reach
- ✓ Ai-Media launched a revenue share partnership with iCap's preferred partners to resell Lexi and Smart Lexi products across the iCap platform

PARTNERSHIPS FOR SUCCESS

Ai-Media launched its **Preferred Partner Program**in collaboration with iCap's
preferred partners

iCap's preferred partners to earn up to 25% revenue share when reselling Lexi and Smart Lexi products

The Preferred Partner
Program create **new sales channels** for the iCap
platform

Ai-Media's Roadmap to 2025

Establish iCap gateway network as global standard

Become the go-to live captioning provider across the industry and around the globe

Drive growth at higher margins

Increase revenue share of our transformative SaaS product suite and devices

Grow and diversify customer base

Capitalise on increasing demand for live captioning across new segments and territories

Enhance product suite and technology

Continued investment in platform to further improve the quality of our product offerings
