

## MEDIA RELEASE

### **Ai-Media Sustains Record Captioning Quality Score of 99.6%**

**12 May 2016**

Australia's leading broadcast captioning provider, Ai-Media, sustained its record high quality and captioning uptime scores across services delivered to Nine Network Australia for the quarter to March 2016.

The latest captioning quality result of 99.6% was measured by an independent auditor, and is the ninth successive quarterly result over 99%.

“Transparency in reporting is a key plank of our assurance of quality captioning for our clients and viewers. We look forward to extending this service to the Seven Network from 1 August 2016”, Ai-Media CEO, Tony Abrahams said.

#### **About Ai-Media:**

Ai-Media is an Australian and UK-based for profit social business that provides high quality speech-to-text solutions for broadcast, government and education clients. The company's Ai-Live internet captioning service was supported by the Australian Government. Using a microphone on the original speaker, the spoken words are sent live to a trained stenocaptioner or “re-speaker”, who uses software that converts speech into text that is sent back over the internet to screens read by the client.
